Representing coastal communities
in national and international ocean governance
to protect the North-East Atlantic, Baltic, Irish and North Seas

WWW.KIMOINTERNATIONAL.ORG

A united voice for coastal municipalities

With a vision of healthy seas, clean beaches and thriving coastal municipalities, for the past 35 years KIMO has worked with municipalities across Europe to protect and enhance the marine environment in the North-East Atlantic, Baltic, Irish and North Seas.

This wealth of experience gives KIMO a unique insight into the challenges faced by coastal communities.

We work together to prevent

Become part of both a national and international network

By facilitating knowledge-sharing across members and by influencing policy at national, regional and international levels, a KIMO membership is an effective way to establish partnerships with like-minded municipalities and strengthen your municipality's voice in national and international policymaking.

Join KIMO to

- Strengthen your municipality's influence at national and international level
- Learn from and connect with like-minded coastal municipalities
- Access project funding opportunities and communication resources
- Signal your municipality's commitment to clean seas
